ABOUT ME

I enjoy working, meeting new people and new experiences. I try to challenge myself whenever I get the chance, for example by sitting on boards in student associations, traveling to foreign countries or spending time on subjects that I struggle with. The year of 2019 I traveled to Asia where I stayed for four months. The trip began in India where I spent one month with my friend. After a month in India I traveled alone through Nepal and southeast Asia. I look forward to new challenges which I will meet with experience I have gained, people I have gotten to know and people I am yet to meet.
